

Pressure Sensor for General Purpose Fluids

Series *PSE560*

How to Order

PSE56 0 01 □ □

Pressure sensing range

0	Positive pressure (0 to 1 MPa)
1	Vacuum (0 to -101 kPa)
3	Compound pressure (-100 to 100 kPa)
4	Positive pressure (0 to 500 kPa)

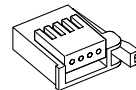

Port size

01	R1/8 (with M5 female thread)
02	R1/4 (with M5 female thread)
C01	Rc1/8
N01	NPT1/8 (with M5 female thread)
N02	NPT1/4 (with M5 female thread)
A2	URJ1/4
B2	TSJ1/4

Output specifications

Nil	Voltage output type 1 to 5 V
28	Current output type 4 to 20 mA

Options (Connector)

Nil	C2
Without	Connector for PSE200 and PSE300 pressure sensor controller 1 pc. 

Note 1) Current output type cannot be connected to PSE20□ and PSE30□.

Note 2) The connector is not connected to the cable and is supplied loose at the time of shipment.
